Dear Sirs,

**NUSCIENCE ONLY RECOGNIZES CELLFOOD UNDER THE ATM LABEL FOR THE TERRITORY OF INDONESIA.**

Pursuant to the many complaints received from ATM Distributors in Indonesia over the importation of Cellfood under any foreign labels, NuScience would like to categorically reiterate once again that we only recognize the Cellfood under the ATM label for the entire territory of Indonesia. Only Cellfood under the ATM label bears our guarantee of authenticity and purity in the said territory.

We would like to also state that Cellfood under any other label, other than the ATM label that is found in the territory of Indonesia, is NOT covered under our Product Liability Insurance as we have no way of guaranteeing the authenticity, safety and purity of the product. Such illegally imported products have neither legal standing nor approval from the Ministry of Health and the Indonesia public will do well to be wary of such products.

It is our sincere hope that this official statement from NuScience Corporation will put to rest the aforementioned issue. NuScience is fully committed to BM Net as our only exclusive authorized Sole Distributor for the territory of Indonesia. NuScience does not supply any Cellfood products under any other label, either directly or through other party / parties, into the territories where BM Net has been exclusively authorized as our Sole Distributor.

Sincerely,

Kevin A. Negrete

President  
NuScience Corporation
